

# The SPIRO Course

We are very excited to be launching a new local social action project in the community as part of the 180 Project, SPIRO, an intervention project for young students who are disengaging in school which could be for behavioural, emotional or social reasons.

Spiro gives young people the opportunity through a series of inspiring teaching sessions and workplace visits to develop their identity and purpose. The project also gives young people the opportunity to see their unique value, to understand education as a gateway to their future and dream about what kind of future that might be.

## We Need Your Help!

We have many opportunities for members of the Church to get involved.

Here are a few ways you can help support the SPIRO project:

1. As part of the project, students will have the opportunity to visit business workplaces to gain a wide comprehension of a variety of different careers.
  - Do you own a business?
  - Are you connected with an organisation that would support a visit?
  - Are you able to use your network to source potential business site visits for our young students?
2. We are gathering a dedicated team of prayer supporters for the SPIRO project. Would you be interested in joining the team?
3. Raise awareness of the SPIRO project to family and friends in the local community.
4. Share the SPIRO project on social media platforms.
5. To support SPIRO and any of the other 180 Projects by taking part in fundraising events.

If you are able to help in any of the above areas or are interested in finding out more about the heart, aims and objectives of the SPIRO course, please email
